DANIELSON
Thursday was just the kind of a win-ranged for 1 c'clock New Year's afterday to remain indoors, particularly noon by Harold B. Atwood, who has home or at some other warm first-le. Accordingly all who could did those who are anxious that a hunting

shation that was snow and hall and of shout the same consistency as sand.

A youthful athlete or physical culturist sight have obtained some enjoyment out of bucking the storm, but the land of land of

with earning a living found no pleasure in battling against the elements. It was a tough day.

For the first time this season the irolley road people found themselves confronted by a weather proposition that interfered with keeping their care improper schedule. This was chiefly due to the fact that the rails became loss.

Annual reports will be made and offi-

heir runs between any given points. The road was kept open, however, with the assistance of plows and with salt listributing and shoveling gangs. On the state highways the snow sittached to big motor trucks eer right on the job and did first class work in keeping the road coem. Fork is keeping the roads open.

Here in the borough the storm practically killed business for the day.

with developing and very great results, sew cars were stalled, however, and most of the operators managed to get

form Mathieu was held from his home in Dayville with funeral services at St. 19 temph's church in that place at 5 o'clock, here was a solemn high mass in requiem with Rev. Ignatius Kost as the feed of the funeral services at St. 20 temph's church and Rev. John Roux, M. S. 20 temph's church and Rev. John Roux, M. S. 20 temph's church and subdeacon. The body was born there in May 1869, a daughter of Edw'n and Hannah Oatley Chase, and subdeacon. The body was born there in May 1869, a daughter of Edw'n and Hannah Oatley Chase, the first in life she was married to Caleb wheaton' and they lived at East Killing's for a time before removing to be formed in the receiving vault in St. Joseph's cemetery. The bearers were six brothers of the deceased—Frederick, william, George, Arthur, Bert and Adelak Milliam, George, Arthur, Bert and Arthur, Milliam, George, Arthur, Bert and Arthur, Milliam, Geor Mrs. Bertha Hutchinson, who died re-

thence from San Francisco for Japan, thence from San Francisco for Japan, cotton manufacturing concerns in this where he is filling a government post in the Grosvenordales which communi-ies are mainly dependent upon the big corporation for their prosperity.

The company employs hundreds of hands and has a payroll that during the war years was in excess of \$20,000 weekly. The concern is rounding out a pros-perous year of business and the increase in capital stock now being arranged is adicative of its stability and great worth to this section of the state. Putnam being one of the communities that materially benefits from the payrolls of the concern.

The stock of the company is elosely held, there being no wide distribution of it, as is the case with many textile cor

In lien of a real blinnard, the Weatherman supplied a sufficiently satisfactory imitation on Thursday, when this city was pelted with a storm of sleet and snow out of the northeast, the demonstration sufficiently violent to make it rate as the most disagreeable weather of the winter. The storm drove all to cover who were not forced to be out in it, and the business section was very dreary

throughout the day.

Ice that formed on the ralls threw urolley cars off their schedule and made of Mirs Lucretia Porter Breed, daughter of Mr. and Mrs. John Farnum Spencer of over the line. The steam trains seemed to fare much better and, despite the storm kept closer to schedule time day. over the line. The steam trains seemed to fare much better and, despite the storm, kept closer to schedule time during the morning hours than has been the case much of the time when thore has been no storm of late.

For the first time this winter the Connecticut company was expensed to seem at Oxford the specialized in law and is needled to seem the case.

section company was running its snow now a colows over the Putnam lines and using York.

salt and other devices for clearing the tracks on sharp curves and grades where the cars were meeting with particular difficulty in making progress.

As has been its practice, the state highway department had its plows covering the trunk line highways here throughout the day and motorists were generous in their praise of the efforts of the department to keep these important lanes of travel one. Indeed more to keep these important lanes of travel one. Indeed more to keep these that he had been engaged with other men. their praise of the efforts of the department to keep these important lanes of travel open. Indeed, motors a found the going comparatively road for them, excepting that the storm, driving sleet and show on to the windshields, created driving conditions wholly in control of the Storm King and not to be remedied to any great extent by anything that humanity could do.

The Pamiret Nativity play

Thursday's storm rates as the most sewere and trying of the winter, although up to nightfull the snow was not deeply covered with snow and sleet.
